Mindset Preparation

Important Notes:

- Follow the training and do what we ask you to do here in the bootcamp.
- The faster you get it done, the more momentum you'll build.
- More momentum = faster results
- Get creative later, when you have the financial resources, the staff and the experience to try new things

Important Notes:

- This is a set of systems to help you build your OWN franchise model
- With this, you'll be able to scale your agency to as large as you want
- You can screw this up 6 ways from Sunday and still be successful
- Let's not do that. You'll be more successful than you "could have been" if we stick to what works first!

Important Notes:

- Every time you break away from what you need to do here, you kill your momentum.
- What happens when your momentum is at zero again?
 - You lose motivation to continue growing
 - You may see results, but not the results you really want
 - You'll have to "re launch the rocket"

Important Notes:

- 5 Clients is a minimum here
- Your target KPI for these systems is to first hit 1 client per day, 5 days per week
- 2nd KPI is to go to 2 clients per day, 5 days per week
- You do not have to implement all of these systems at once (not recommended)
- Work your way through each system. Set KPI tracking, company training and then move forward

Important Notes:

- Your business is a mirror. It reflects from who you are.
- A great mentor of mine told me once: If you want to grow your business, grow yourself!
- Examples of the “mirror effect”
- How do you grow yourself the “right way”?

Important Notes:

- This process is wash, rinse and repeat -especially if you're on a limited budget
- Get clients with this sales system first, before graduating to the In House Call Center (no, really)
- All of our most successful members do it this way
- It makes things much easier as you go along
